

ATTENTION EDUCATORS!!!

Join us for a **FREE Earth Science Workshop Introducing the California Education and the Environment Initiative Curriculum!!!**

You are cordially invited to take part in a **FREE teacher workshop introducing the California “Education and the Environment Initiative” Curriculum** developed by CalRecycle’s Office of Education & the Environment. This professional development workshop will provide participants with an overview of this dynamic standards-based curriculum designed to increase academic learning and benefit students and the community.

Attendees of this workshop will receive **hands-on training** in the EEI Curriculum designed to prepare educators to:

- Cultivate students' understanding of their relationship with the environment.
- Prepare students to be critical thinkers and 21st century problem solvers.
- Support Next Generation Science Standards and Common Core State Standards in their K-12 Classroom.

In addition, all attendees will qualify to receive a **FREE** EEI Curriculum unit of their choice for their classroom.

LIGHT DINNER PROVIDED!!
